

In a strategic move to make the best of breed security solutions accessible to a broader base of clients, **iaXCESS** signed a Partnership Agreement with EDM. As a leading regional distributor of security products and services, the Dubai-based **iaXCESS_llc**, aims at increasing its market share by collaborating with **EDM_sarl**, chosen for its "knowledge superiority, respected reputation regionally and dynamic and assertive management", as put by *Adnan Abu Sharar*, CEO of **iaXCESS**, commenting on the selection of the Beirut-based company.

Award-winning Internet Security Solutions such as **Kaspersky**, **NETASQ UTM** and **Acronis Disaster Recovery Solutions** crown the **EDM** portfolio, after two decades serving the IT market in Information Infrastructure, Systems and Applications.

SME in local market, as well as sectors like Government, Banking, FI and Education, will have at hand robust and cost-effective products, teamed up with reputed service quality from **EDM**; guaranteeing the best possible protection to the organizations' asset of utmost importance: Information. Companies relieved from the burden of Information Security will be able to better direct their valuable resources towards business development.
